LUTRON Commercial Energy Saving Strategies

Wednesday, **September 28th** 2011

at the  in **Tupper Lake, NY!**

(<http://www.wildcenter.org/>)

Event Details:

We will depart from a location (TBD) in the **Potsdam** area at **7 am** on **9/28/11** and **depart** the **WildCenter** at **2 pm** for the return trip.

Join Us, in the beautiful Town of Tupper Lake, for a day of learning and fun! Receive your Certification from Lutron for Commercial Energy Savings Strategies, Lunch, and a Facility Tour of the Wild Center. During the tour you'll see Lutron Products installed and put to practical use in **real life scenarios!**

Even if you've already taken the certification course, this trip will be worth your time! Join us again and take the tour!

Learn about the Lutron Advantage!

- ◆ Scalable light control solutions are ideal for retrofit, renovation, or new construction.
- ◆ Combining the control of daylight and electric light increases energy savings and your sales opportunities.
- ◆ Provide added customer value with reduced maintenance costs and increased employee productivity.
- ◆ **Reduce your own labor and material costs!**
